R. H. Macy & Co.'s Attractions Are Their Low Prices

Our watchword stands at the head of every Macy Advertisement. That watchword means that our regular goods at regular prices cost you less than equal quantities anywhere else in New York. It means also that when Macy's has a Sale that the Sale must differ from "Sales" at other stores, in that the values given must be uniformly better. A sale, to be worthy of Macy's, must offer only "Typical Macy Values."

For a sale like this, we must have the co-operation of manufacturers. They let us have some goods at cost, but they cannot let us have goods at cost in unlimited quantities.

The goods they have sold us at special prices, plus goods taken from our own stock and reduced, are together sufficient to last, in all probability, for one whole day. We cannot promise that there will be any left after that.

All Goods Advertised Here, On Sale Thursday at 8.30 A. M.
